The free Kindle books here can be borrowed for 14 days and then will be automatically returned to the owner at that time.

Ball Distance Ring Guide Rail

A linear-motion bearing or linear slide is a bearing designed to provide free motion in one direction. There are many different types of linear motion bearings.. Motorized linear slides such as machine slides, X-Y tables, roller tables and some dovetail slides are bearings moved by drive mechanisms. Not all linear slides are motorized, and non-motorized dovetail slides, ball bearing slides and ...
