Inadequate or non-existent business cases usually result in unclear project scope. This often leads to scope creep, which results in rework, cost overruns, delays, etc. In addition, inappropriate approaches on projects often lead to rigid solutions, such as selecting a commercial off-the-shelf (COTS) package when a custom solution is warranted.

### Creating Bulletproof Business Cases - Project Scope Analysis

Online student engagement has become a topic of major interest over the past few months. Especially, with teaching across schools abruptly being moved from onsite to online in the wake of the COVID-19 pandemic, student engagement has become a challenging area for educators.

### Online Student Engagement Best Practices, Tools and Techniques

Simple Thought Record thought monitoring worksheet. A simple thought record worksheet is a great way of introducing clients to the process of monitoring their thoughts. It contains space to record the situation where the thought occurred, how it made them feel, and the thought or image that went through their mind at that time.
