Bouillabaisse is seafood stew and typically made with fresh bony fish, shellfish, mussels, vegetables, herbs and olive oil. The origins of the dish are the fish stews cooked by the fishermen in Marseilles who used to cook big pots of fish and let the stew boil and then simmer for a long time before eating the meal together with their friends and families.

The job of each cognitive process - SNTF - is to orient you toward a particular aspect of reality, similar to how eyes are for seeing and ears are for hearing, and so on. Everyone uses all four cognitive processes, and when used well together, they should provide a comprehensive understanding of the world. But reality is never so simple.
