Swaging (/ ' s w e i d z i  
ŋ /) is a forging process  
in which the  
dimensions of an item  
are altered using dies  
into which the item is  
forced. Swaging is  
usually a cold working  
process, but also may  
be hot worked.. The

# Online Library V Groove Wire Guide Rollers

term swage may apply to the process (verb) or to a die or tool (noun) used in that process.
