In this way, you can deploy virtual desktop in Horizon View.

Deploy Manual Desktop Pool in VMware Horizon 6

Is anyone aware of any vMotion restrictions when it comes to running VDI desktops in Horizon View 6? There is a standing theory at my job that if you vMotion all VDI guests (and any replicas) off a host to put a host into maintenance mode for patching that you have to put all the VDI guests back to that host to keep Horizon View "happy" especially when it comes time to recompose.

Horizon View 6 VDI Desktops and vMotion |VMware Communities
